Eko staple free Stapler

Staples are history! You'll never have to run out of them again. This Staple free stapler staples several sheets of paper together in one simple action and it doesn't need any staples to do so. Great for home, school & office, environmentally friendly, easy paper recycling and fun to use! The Staple Free Stapler cuts out tiny strips of paper and uses the strips to stitch up to 5 pieces of paper together. This Staple Free Stapler is unique and now also made of recycled ABS plastic in a carton gift box!
